PERSONAL SUMMARY:

Worked as a lecturer in the Department of Statistics / University of Qadisiyah for the period 1991-2002. I then moved to work in the Department of Statistics / University of Mustansiriyah, during which I attributed for two years to work at the University of Dohuk. I got the rank of Assistant Professor on 26/6/2002. I held several administrative tasks, most recently the head of the statistics department. Participated in scientific and graduate committees in addition to exam committees for more than ten academic years. Supervised a number of graduate students (Higher Diploma, Master, PhD) and participated in the discussion of graduate students inside and outside the college.

EDUCATION:

Degree science	University	College	Date
B.Sc.	Mustansiriyah	Economic & Administration	1981
M.Sc.	Salahaddin	Economic & Administration	1989
Ph.D.	Mustansiriyah	Economic & Administration	2014

Specialization: Econometrics

ACADEMIC HONORS AND AWARDS:

No.	Name of Awards and Certificates	Donor	Year
1	Letter of thank	Ministry of higher education	2011
2	Valuation efforts granted	Chancellor of Mustansiriyah University	2011
3	Valuation efforts granted	Dean of the Faculty	2011
4	Dean of the Faculty	Ministry of higher education	2014
5	Thanks to participate in the Scientific Conference	Kerbala university / College of Economic & Administration	2013
6	Honored to participate in the Assessing scientific research	The 4 th International Scientific conference of Arab Statisticians	2013
7	Thanks to participate in the Scientific Conference	First International Scientific conference of of Cihan University	2014
8	Thanks and appreciation for the efforts made in the discussion of a master student	Al- Qadisiya university	2014
9	Thanks and appreciation for the efforts made in the discussion of a PhD student	University of Mustansiriyah	2016

10	Certificate of appreciation for participation in the 14th International Scientific Conference	Iraqi society for statistical sciences	2016
11	Certificate of appreciation for participation in the scientific symposium of the Department of Statistics	University of Mustansiriyah	2017
12	A certificate of appreciation for the efforts made in delivering a lecture	University of Mustansiriyah	2018

ACADEMIC /TEACHING EXPERIENCE:

- held several administrative tasks, most recently the head of the statistics department.
- Participation in scientific committees and graduate studies.
- Member of a specialized advisory committee / Ministry of Higher Education and Scientific Research.
- Member of the Committee of Sobriety of Scientific Journals.
- Evaluation of scientific research and theses.
- Member of the Editorial Board for Iraqi Journal of Statistical Sciences (IQJOSS).
- Reviewer for Iraqi Journal of Statistical Sciences

COURSES TAUGHT:

Undergraduate	Graduate
Sampling technique , Nonparametric testing , Nonparametric estimation , Sequential analysis , Econometrics , Linear models.	Sampling technique , Mathematics , regression analysis , Operation research , Econometrics.

PROFESSIONAL AFFILIATIONS:

- Member of the Iraqi Society for Statistical Sciences
- Member of the Union of Arab Statisticians.

PUBLICATIONS:

No.	Research Title	Place of Publication	Year
1	Using intervention models in the time series for estimating the children mortality, which affected by the economic sanctions.	The 5 th scientific conference of Iraqi society for statistical sciences	1993
2	Forecast of total production of rice crop in Iraq from 1950-1993 by using regression analysis and time series with suggestion of co- operation analytical model.	The scientific journal of Economic & Administration college / University of Mustanisriya	1996
3	Measure the effect of applying the affiliation system in the high education.	The scientific journal of Al-Qadisiya university	1996
4	Testing the effect of same environmental factors on daily gain in weight of Awasi sheep.	The 10 th scientific conference of Iraqi society for statistical sciences	1998
5	Mortality of children aged less than 5 years.	The scientific journal of Al-Qadisiya university, no.3	1999

6	Using discriminate analysis for recognition between normal and malformation birth.	The scientific journal of Al-Qadisiya university, no.3 , Isso.4	2000
7	Binary- choice models, analysis and study.	The scientific journal of Al-Qadisiya university, no.3 , Isso.4	2001
8	Using Almon distributed Lag Model for estimating the dynamic relationship between the stock prices and trading volume .	The 5 th International Scientific conference of Kerbala university / College of Economic & Administration	2013
9	A comparison between Hannan formula and moments of the lag distribution method in estimating the parameters of the distributed lag model	The scientific journal of Economic & Administration college / University of Mustanisirya	2013
10	Estimating the short-run and long-run effect of the volume trading on the stock prices using dynamic modeling.	First International Scientific conference of of Cihan University	2014
11	Spline regression estimation of Poisson regression model.	the 2 nd International and the 13th Scientific Conference of Economic & Administration college / University of Mustanisirya	2016
12	A comparison between maximum likelihood method and regression spline in estimating Poisson regression model.	The 14 th International Scientific conference of Iraqi society for statistical sciences.	2016
13	A comparison of the multiple imputation and multiple imputation and deletion methods in the treatment of missing values of the multiple linear regression model variables	The scientific journal of Economic & Administration college / University of Mustanisirya ,41,no. 116, September, 2018.	2018
14	Comparison between the deletion method and the maximum likelihood of complete information method in the processing of incomplete data for multiple regression model variables	The scientific journal of Economic & Administration college / University of Mustanisirya ,41,no. 117, September, 2018.	2018
15	Using the fully modified M method in estimating the effect of cultivated area on barley production in Iraq for the period 1970-2018.	Iraqi Journal for Economic Sciences	2019
16	Comparison between Fully modified least square and fully modified least absolute deviations, to estimate the regression model	Iraqi Journal for Economic Sciences	2019
17	Fully modified least absolute deviations and fully modified M in estimating regression model with non-stationary explanatory variable and auto correlated random errors	Periodicals of Engineering and Natural Sciences ISSN 2303-4521 Vol. 8, No. 1, March 2020, pp.313-320	2020

PROFESSIONAL DEVELOPMENT

The 5 th scientific conference of Iraqi society for statistical sciences
The 10 th scientific conference of Iraqi society for statistical sciences
The 1 st scientific conference of Qadisiyah university / College of Economic & Administration
The 5 th International Scientific conference of Kerbala university / College of Economic & Administration
First International Scientific conference of Cihan University
the 2 nd International and the 13th Scientific Conference of Economic & Administration college / University of Mustanisirya
The 14 th International Scientific conference of Iraqi society for statistical sciences
Quality and performance evaluation workshop
Electronic Plagiarism Workshop
